SEAS THE DAY CHARTERS BUSINESS UPDATE

Charter Company Commits to Continuing Full-Time Crew Pay and Creating New Excursions

ST. THOMAS, USVI – As we all continue to social distance and Stay at Home for the next 30 days or longer as needed, Seas the Day Charters has committed to wholly paying each of their full-time Captains, Crew members and management during this financial crisis.

"We acknowledge this is a difficult time for everyone on island and if we can help our own team by paying each their monthly salary, then we feel certain they will continue to support the local establishments and keep the cycle of helping move forward. Buy local, stay local." said Pat Mullett, Operations Director.

Seas the Day Charters will begin offering special excursions and pricing for all locals once it is safe and viable to return to the waters with others. Additionally, the company is exploring opportunities and working on the business model to expand services with additional tours, excursions and packages focused towards the tourists visiting the island of St. Thomas.

Hope Stawski, Co-Owner of Seas the Day Charters, said, *"We will begin operations on all boats as soon as Governor Bryan deems it is appropriate and safe for our guests to interact together. We are creating some unique day charter packages to help bring everyone together and celebrate the Virgin Islands! Stay tuned for that announcement in the next few days. But for now, it's important that everyone stay safe and stay at home."*
