Office of Management & Budget Fall Revenue Estimating Conference

Director Jenifer C. O'Neal and the Office of Management and Budget hereby informs the public of the upcoming Fall Revenue Estimating Conference to be held on December 2, 2020. Due to the ongoing COVID-19 pandemic, the conference will be held once again via Zoom from 9am-5pm and streamed online via OMB's Facebook page, as well as WTJX's.

The Revenue Estimating Conference is open to the public and held twice per year, in the Spring and in the Fall, per Title 2 VIC, Section 20d. Its purpose is to address the economic factors and major variables of the territorial economy, and also to establish a baseline forecast of anticipated recurring and non-recurring revenues that will impact upcoming fiscal years. The Fall Conference is intended to establish the baseline for FY2022 and FY2023.

Presentations will be given by revenue generating agencies, departments, and semi-autonomous agencies regarding their projected revenues for fiscal years 2022 and 2023. Presentations will be approximately 5 minutes each, with 10-minute question and answer segments that are open to the public.

If you have any questions, please contact Ms. Monique C. Christian-Creque, Special Assistant to the Director, at 340-774-0750 extension 203 or Ms. Chenelle Baker extension 207.
